Vegan Plant Base Cantina

In the latest edition of our menu, and in keeping with our values to support the planet, the welfare of animals, and our health, we have evolved the emphasis from our historical lacto-vegetarian tradition to a primarily plant-based offering.

All references to meat, cheese or other dairy-type ingredients on the menu are vegan.

While some items formerly made with dairy products will still be available upon request as noted D(O) dairy optional we hope you'll give our excellent vegan alternatives a try.
